PROFESSIONAL SUMMARY

Motivated MERN Stack Developer experienced in building responsive and scalable full-stack web applications using MongoDB, Express.js, React, and Node.js. Proficient in REST API development, authentication systems, and modern frontend frameworks. Dedicated to creating efficient, user-focused software solutions and continuously improving development skills..

TECHNICAL SKILLS

Languages: Python, JavaScript, HTML5, CSS3, TypeScript

Backend: Node.js, Express.js, Flask, RESTful APIs

Frontend: React.js, Redux, Bootstrap, Tailwind CSS

Database: MySQL, MongoDB,

Tools & Platforms: Git, GitHub, Postman, VS Code

PROFESSIONAL EXPERIENCE

Software Developer Intern | CanaraTechLabs Pvt Ltd

July 2025 – Aug 2025

Kumta, India

- Completed intensive training in **full-stack web development** using modern JavaScript technologies.
- Developed responsive web interfaces using **HTML, CSS, and JavaScript**.
- Built interactive components using **React.js** and integrated backend APIs. Worked with **Node.js and Express** to understand backend architecture.
- Received **CEO commendation** for strong performance and dedication during internship

PROJECTS

LMS Platform – Professional Learning Platform | [GitHub](#)

Aug 2025 - Sep 2025

MongoDB, Express.js, React.js, Node.js, Clerk, Stripe

Full-stack Learning Management System enabling course management, user enrollment, and secure online payments.

- Built a scalable LMS platform supporting **course creation, enrollment, and user management** using the MERN stack
- Implemented **secure authentication and role-based access control** using Clerk for students and instructors
- Integrated **Stripe payment gateway** for seamless course purchases and subscription management
- Developed dashboards for **course progress tracking and analytics**, improving user learning experience

Pro Connect – Professional Networking Platform | [GitHub](#)

Sep 2025 - Nov 2025

MongoDB, Express.js, React.js, Node.js

LinkedIn-style networking platform allowing users to create profiles, share posts, and interact with other professionals

- Developed a social networking platform supporting profile creation and user authentication
- Implemented CRUD operations for posts and comments
- Designed dynamic content feeds to display user interactions and updates
- Developed dashboards for tracking course progress and learning analytics

KLORD – Custom Web Browser | [GitHub](#)

Nov 2025 – Mar 2026

Electron.js, Node.js, HTML, CSS, JavaScript, Gemini API, MongoDB

A lightweight, AI-powered browser focused on performance and user control

- Developed a browser addressing high resource usage and limited user control
- Built core features including tab management, navigation, and user-friendly interface
- Implemented automatic updates with GitHub-based release system for seamless user experience

CERTIFICATIONS & ACHIEVEMENTS

- Full Stack Web Development Certificate – Apna College (December 2024)
- Claude Code in Action – Anthropic (March 2026)
- AWS Cloud Practitioner Essentials – AWS (March 2026)

EDUCATION

Bachelor of Computer Applications

2023 - 2026

RNS First Grade College Murudeshwar — Affiliated to Karnataka University, Dharwad | CGPA: 9.16/10.0

Final Year Project: AI-Powered Mental Health Support System (Ongoing)
